VICTOR Hi-Pro Plus / Puppy Formula 30/20

This nutrient dense food provides very high levels of protein and fat which is ideal for dogs requiring high levels of daily calorie intake. This is an excellent choice for growing puppies, but is equally suitable for late gestating and lactating females or highly active dogs. This is also an excellent choice to feed all dogs during times of inclement weather conditions.

Calorie Content:
(Calculated Energy)
3820 kcal/kg

Guaranteed Analysis
